Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders of Bank OZK

Opinions on the Financial Statements and Internal Control over Financial Reporting

We have audited the accompanying consolidated balance sheets of Bank OZK and its subsidiaries (the "Company") as of December 31, 2025 and 2024, and the related consolidated statements of income, of comprehensive income, of stockholders' equity and of cash flows for each of the three years in the period ended December 31, 2025, including the related notes (collectively referred to as the "consolidated financial statements"). We also have audited the Company's internal control over financial reporting as of December 31, 2025, based on criteria established in *Internal Control - Integrated Framework* (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2025 and 2024, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2025 in conformity with accounting principles generally accepted in the United States of America. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2025, based on criteria established in *Internal Control - Integrated Framework* (2013) issued by the COSO.

Basis for Opinions

The Company's management is responsible for these consolidated financial statements, for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in the Report of Management on the Bank's Internal Control over Financial Reporting appearing under Item 9A. Our responsibility is to express opinions on the Company's consolidated financial statements and on the Company's internal control over financial reporting based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud, and whether effective internal control over financial reporting was maintained in all material respects.

Our audits of the consolidated financial statements included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

Definition and Limitations of Internal Control over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Critical Audit Matters

The critical audit matter communicated below is a matter arising from the current period audit of the consolidated financial statements that was communicated or required to be communicated to the audit committee and that (i) relates to accounts or disclosures that are material to the consolidated financial statements and (ii) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

Allowance for Credit Losses

As described in Notes 1 and 3 to the consolidated financial statements, management assesses the adequacy of the allowance for credit losses ("ACL") based on evaluations of the loan portfolio utilizing objective and subjective criteria. The Company had a total ACL of $631.9 million on a total loan balance of $32.3 billion as of December 31, 2025. The objective criteria primarily includes estimated losses that are modeled from the respective score cards and the outputs from the Company's Current Expected Credit Loss ("CECL") platform. The score cards and the Company's CECL platform incorporate varying future economic forecasts in estimating the Company's ACL. Management selects and weights several economic forecasts provided by an external vendor for purposes of determining the Company's ACL. For purposes of the forecasts used in the Company's CECL methodology, management utilizes a reasonable and supportable forecast period of two years, followed by a reversion of estimated losses on a systematic basis back to the Company's historical mean.

The principal considerations for our determination that performing procedures relating to the allowance for credit losses is a critical audit matter are (i) the significant judgment by management in determining the allowance for credit losses, which in turn led to a high degree of auditor judgment, subjectivity and effort in performing procedures and evaluating audit evidence relating to the selection and weightings of economic forecast scenarios; and (ii) the audit effort involved the use of professionals with specialized skill and knowledge.

Addressing the matter involved performing procedures and evaluating audit evidence in connection with forming our overall opinion on the consolidated financial statements. These procedures included testing the effectiveness of controls relating to the Company's process for determining the allowance for credit losses, including controls over the selection and weightings of economic forecast scenarios. These procedures also included, among others, testing management's process for determining the allowance for credit losses by (i) evaluating the appropriateness of management's methodology; (ii) testing the data used in the estimate; and (iii) evaluating the reasonableness of the selection and weightings of the economic forecast scenarios, which also involved the use of professionals with specialized skill and knowledge to assist in performing these procedures to test management's process.

Options to purchase 13,055 shares, 301,785 shares and 583,152 shares, respectively, of the Bank's common stock at a weighted-average exercise price of $51.06 per share, $51.11 per share and $51.52 per share, respectively, were outstanding during 2025, 2024 and 2023, but were excluded from the diluted EPS calculations as inclusion of such options would have been anti-dilutive. There were no anti-dilutive PSUs for any of the periods presented in the previous table.

During 2025, 2024 and 2023, the Bank repurchased 3,364,924, 11,903 and 4,304,239 shares of its common stock at a weighted average cost of $42.56, $38.81 and $35.19 for a total of $143.2 million, $0.5 million and $151.5 million, respectively, under its stock repurchase plans. The Bank's Board authorized a stock repurchase program for up to $200 million of outstanding common stock, with an expiration on July 1, 2025. In June 2025, our Board authorized a new stock repurchase program for up to $200 million of our outstanding common stock, with an expiration on July 1, 2026, unless extended, shortened or suspended by the Board. As of December 31, 2025, we had approximately $99 million remaining under our current program. In establishing our parameters for repurchase price and share volume, management considers a variety of factors including our stock price, expected growth, capital position, alternative uses of capital, liquidity, financial performance, the current and expected macroeconomic environment, regulatory requirements and other factors.
